BACKGROUND: Every Student Succeeds Act (ESSA 2015) provides supplemental funding to districts to implement programs designed to improve the English Language proficiency and academic achievement of ELs. ESSA amendments to Title I and Title III (effective July 1, 2017) move several provisions relevant to ELs (e.g., accountability for performance on the English language proficiency assessment) from Title III, Part A of the Elementary and Secondary Education Act (ESEA) to Title I, Part A of the ESEA.

> Title III, Part A, is officially known as the English Language Acquisition, Language Enhancement, and Academic Achievement Act. The overarching purpose is to ensure that ELs, including immigrant children, attain English proficiency and meet the same challenging state academic content and achievement standards that all students are expected to meet.

Districts are to implement language instruction and educational programs designed for ELs to learn English as rapidly and as effectively as possible and provide instruction to students on the state-adopted academic content standards, including the English Language Development (ELD) standards.

BUL-112909 Division of Instruction Page 1 of 9 February 14, 2022

As part of the standard instructional program provided through general funds, all identified ELs must receive a program of ELD instruction, which shall include Designated and Integrated ELD.

Districts must also implement an effective system for communicating and notifying parents/guardians of ELs of their child's participation in a language instructional program. Schools must inform parents/guardians about how they can be active participants in assisting their child to learn English, achieve at high levels in core academic subjects, and meet the same challenging state academic content and achievement standards that all students are expected to meet (ESEA, Title I, Section 1112 [e][3][A], [C]).

INSTRUCTIONS: I. INITIAL PARENTAL NOTIFICATION REQUIREMENTS AND PROCEDURES OF NEWLY ENROLLED STUDENTS

Schools must ensure meaningful communication with parents/guardians in a language they can understand and adequately notify parents/guardians of information about the instructional programs and services. When fifteen percent or more of the student population speaks a single primary language other than English (as determined from the preceding year's census data submitted to the department of education), the school is required to send all correspondence to parents/guardians in English and the primary language (EC §48985).

To meet the stated requirements, parents/guardians of ELs are provided verbal and written descriptions of the Master Plan instructional program options, including all educational opportunities available to students, and the educational materials to be used in the different program options at the time of enrollment, annually and upon request. [ESEA, Title I, Section 1112 (e)(3)(A)]

At the time of a student's initial enrollment, parents/guardians complete a Home Language Survey (HLS) as part of the enrollment process. When the HLS identifies a probable EL with a language other than English on the first 3 questions, or if there is *reasonable doubt*, the following procedures apply:

- The parents/guardians are informed that their child's English proficiency will be assessed using the Initial English Language Proficiency Assessment of California (ELPAC) within 30 calendar days of enrollment (or, if during the school year, within two weeks of the child being placed in a program) to determine initial identification and eligibility for English learner services.
- The Initial Notification of Enrollment and Placement in an Elementary Instructional Program or the Initial Notification of Enrollment and Placement in a Secondary Instructional Program (Attachment A or B) must be reviewed with the parent/guardian. The initial notification provides information about the Master Plan instructional program options and the right of parents/guardians to select the instructional program for their child.
- Parents/guardians should be provided the opportunity to view and ask clarifying
 questions about the information shared in the <u>Instructional Program Options for</u>
 <u>English Learners</u> video available on the Multilingual and Multicultural Education
 Department (MMED) website.

- NOTE: The EL Designee must maintain a *Master Plan Instructional Programs Options Meeting Log* (available on the MMED website) as evidence that program options have been shared with parents/guardians of newly enrolled students.
- Initial Notification of Enrollment forms from families selecting a Dual Language Education Program should be collected and monitored as well as recorded on the *Master Plan Instructional Programs Option Meeting Log*. Once schools receive 20 requests from families for the same grade level or 30 requests from families schoolwide, the school must follow the guidelines in <u>REF-056098</u>, Proposition 58
 Implementation Guidelines, dated September 10, 2018. The school then provides interested parents Proposition 58 Dual Language Education forms and collects them to submit to the Local District and the Dual Language Education Office.
- Once parents/guardians have been informed of the instructional program options, they complete and submit either the: *Initial Notification of Enrollment and Placement in an Elementary Instructional Program* (Attachment A) or the *Initial Notification of Enrollment and Placement in a Secondary Instructional Program* (Attachment B).

On the bottom portion of the letter, the parents/guardians must check all choices that apply, sign, and date and return the letter to the school site. The EL Designee then reviews the letter carefully and follows-up with the parent/guardian, as needed, and then annotates this section with information about the parent/guardian contact.

In summary, the *Initial Notification of Enrollment and Placement in an Instructional Program* informs parents of:

- Descriptions of the language acquisition program options, including Structured English Immersion Program (known as Language and Literacy in English Acceleration Program [L²EAP] in Los Angeles Unified)
- The languages to be taught in addition to English
- Their right to choose a language acquisition program that best suits their child
- The process to choose a language acquisition program
- The process to request the establishment of a Master Plan Program option not offered at the school
- Reclassification criteria

Once a student is assessed with the Initial English Language Proficiency (ELP) assessment, the school must print the Student Scores Report (SSR) from <u>Test Operations Management System</u> (TOMS), share the SSR with parents, and file the SSR in the student's blue Master Plan folder or cumulative record. Once scores are uploaded into My Integrated Student Information System (MiSiS), the student's official language classification will display in the MiSiS English Learner Information screen.

Parents/guardians are to be notified of their child's ELP assessment results, instructional program placement, and exit criteria using the *Initial Parent Notification of Language Test Results and Confirmation of Program Placement* letter (Attachment C), the Initial ELPAC Student Score Report, the *Instructional Programs for English Learners* parent brochure, and the *Reclassification Criteria Chart* available on the MMED website, no later than 30 calendar days after the beginning of the school year (or if during the school year, within two weeks of the student being placed in a program).

The Initial Parent Notification of Language Test Results and Confirmation of Program Placement informs parents of:

- Language classification
- Initial English language proficiency assessment results of their child
- English language performance level
- Instructional program placement selected by the parent
- Their right to choose a language acquisition program that best suits their child
- Reclassification criteria

The school must document the Parent Notification date in the *Parent Notification Dates* screen or Mass Notification Date Entry screen (when entering multiple records at once) in MiSiS.

- The MiSiS Job Aid is available at: https://achieve.lausd.net/Page/8061
- Select Training > Job Aids > English Learner > <u>Entering Parent Notification Dates</u>

Parents/guardians of ELs are provided multiple opportunities throughout the year to learn about the enrollment process and the Master Plan instructional program options. Parental notification opportunities include, but are not limited to:

- Initial enrollment
- Kindergarten Orientation Meetings (three orientation meetings minimum)
- Master Plan Instructional Program Options Meetings (one meeting in the fall and one in the spring required)
- Parent conferences
- Parent meetings
- Back-to-School Night
- Open House
- Parent Advisory Committee meetings
- English Learner Advisory Committee Meetings

During these meeting opportunities, parents/guardians are provided: the <u>Master Plan Instructional Program Options for English Learners</u> parent brochure, time to view the Instructional Program Options for English Learners video, the reclassification criteria chart, and a specified amount of time for questions and answers. Also, parents should be provided the new information on the different biliteracy pathways awards and the Seal of Biliteracy. For more information, reference <u>REF-0629900.2</u>, <u>Guidelines for Issuing of L.A. Unified Pathway to Biliteracy Awards for the 2020-2021 School Year and Beyond, dated May 10, 2021, REF-5306.9</u>, <u>Guidelines for Issuing the California Department of Education State Seal of Biliteracy and L.A. Unified Seal of Biliteracy Awards for the 2019-2020 School Year, dated December 6, 2019. This will ensure that families receive significant opportunities and a clear understanding of the information provided to make informed decisions regarding their child's instructional program placement.</u>

II. ANNUAL PARENTAL NOTIFICATION REQUIREMENTS AND PROCEDURES

The Annual Assessment Results and Program Placement for English Learners Notification (annual notification hereafter) must be provided to parents of continuing ELs who were enrolled in L.A. Unified during the previous school year no later than 30 calendar days after the beginning of the school year. For continuing ELs who enrolled after the beginning of the school year, the annual notification must be provided to the parents within 2 weeks from the child being placed in a program. The annual notification (with all required attachments) informs the parent of ELs of the following federal requirements:

- 1. The reasons for the identification of the student as an EL and the need for placement in a language instructional program
- 2. The student's level of English proficiency, how such level was assessed, and the status of the student's academic achievement
- 3. The methods of instruction used in the program in which the student is participating
- 4. How the program in which the student is participating will meet the educational strengths and needs of the student
- 5. How the program will specifically help the student learn English and meet grade-level standards
- 6. The specific exit requirements for the EL program
- 7. In the case of a student with a disability, how the program meets the objectives of the individualized education program of the child
- 8. Information pertaining to parental rights that includes written guidance on the following:
 - Parents' rights to have their child immediately removed from such program upon request
 - The options that parents have to decline to enroll their child in such program or to choose another program or method of instruction
 - Assisting parents in selecting among various programs and methods of instruction

The following steps will ensure that schools meet the annual parent notification requirements:

A. Verification of Master Plan Program Placement

Verify the accuracy of students' Master Plan program placement by reviewing the information in the MiSiS *Master Plan Instructional Program Information* screen or by downloading and reviewing the Master Plan Roster. The Master Plan program recorded in MiSiS identifies the EL services and program participation based on the student's language proficiency level, as well as the Master Plan instructional program choice selected by the parents/guardians.

The Annual Assessment Results and Program Placement for English Learners letter will print in English and/or one of the available home languages, based on the parents'/guardians' home language correspondence entered in the *Parents or Guardians Information* screen in MiSiS. The *Annual Assessment Results and Program Placement for English Learners Notification* is also available in Armenian, Chinese, and Korean on the MMED website under EL Programs, Forms.

B. Notification Procedures

The following notification procedures must be followed to ensure parents of ELs are properly notified of the student's annual assessment results and program placement:

- 1. Print the annual notification from MiSiS. This letter is available in MiSiS, under Reports, English Learner, Annual English Learner Letter. The first time the notification is printed from MiSiS, the date will auto-generate on the upper right-hand side of the letter. You will also notice two additional spaces for the second and third attempts if needed. If a third attempt is made (telephone call), write in the date as soon as you call the parent/guardian.
 - NOTE: Copies of the annual notifications are to be kept on file at the school site until the original annual notification is returned to school with a parent/guardian signature.
- 2. Attach the *Instructional Programs for English Learners* parent brochure and the *Reclassification Criteria Chart* to the annual notification.
- 3. File the signed and dated annual notification in the student's blue Master Plan folder in the cumulative record.
- 4. Document all attempted notification date(s) (the date the letter was sent to the parent) in the *Mass Notification Date Entry* screen in MiSiS.
 - i. The MiSiS Job Aid is available at http://achieve.lausd.net/Page/8061
 - i. Select Training > Job Aids > English Learners > Entering Parent Notification Dates

Schools must confirm the students' program placement by reviewing the language acquisition program section of the letter before sending the letter home. The parent/guardian is to review and complete the bottom portion of the annual notification titled *Parent Consultation and Approval* (see below). The

parent/guardian must check all that apply, and then sign, date and return the completed annual parent notification letter.

| Parent Consultation and Approval |
|---|
| Please check all that apply and then sign and return the letter to the school site |
| I received information about my child's progress and the English Learner programs. I agree with my child's program placement. |
| I am interested in a Dual Language Education Program. If my school does not presently have a program, I understand I can enroll my child in a school that offers the program. |
| I have read the information above and would like to schedule a parent conference to discuss my child's test results, program placement or other program choices. |

NOTE: The parent/guardian must select on the *Parent Consultation and Approval* section of the annual notification. If a selection is not made, the school must follow up with the parent to confirm program placement.

III. CHANGE OF PROGRAM OR WITHDRAWAL REQUEST PROCEDURES

Although schools have an obligation to serve all EL students, parents of ELs have a right to decline or opt their children out of a school's EL program or out of particular EL services within an EL program. If parents or legal guardians opt their children out, the children retain their status as ELs until reclassified. A parent's or legal guardian's decision must be informed, free from school staff influence, and voluntary. A school may not recommend that parents decline all or some services within an EL program for any reason.

To properly facilitate and document the request to opt out or change the EL program, the following procedures must be followed:

- 1. Obtain a written request from the parent/legal guardian requesting a program change or submit the Change of Program Request Form (Attachment D).
- 2. Schedule a conference with the parent to discuss the request.
- 3. Complete, with the parent, the *Mainstream-Withdrawn by Parent Request Conference Checklist* (Attachment E).
- 4. Develop an instructional plan for the student, approved by the principal, detailing how the school will address and monitor the student's linguistic and academic needs.
- 5. Maintain all original documents in the student's cumulative record in the blue Master Plan folder.
- 6. Send a copy of the documents to the Local District EL Programs Coordinator within 15 calendar days.
- 7. Update the Master Plan program change in MiSiS as Mainstream-Withdrawn by Parent Request.

As part of the opt-out or change of program request, the EL Designee must discuss the following with the parent/legal guardian:

- 1. Master Plan program options and instructional services.
- 2. Current progress data (ELPAC, Smarter Balanced Assessment, Dynamic Indicators of Basic Early Literacy Skills 8, Reading Inventory, academic marks/grades, etc.)
- 3. The student will retain the English Learner language classification until the child reclassifies.
- 4. The student will need to take the yearly Summative English Language Proficiency Assessment and meet the reclassification criteria.
- 5. The application for a change of program will expire at the end of the year and will need to be renewed every year.

If an EL student who opted out of the school district's EL programs/services does not demonstrate appropriate growth in English proficiency, or struggles in one or more subjects due to language barriers, the school must take affirmative steps, including informing the EL student's parents of the lack of progress and offering the parents further opportunities to enroll the student at any time in the EL program or at least in an appropriate Designated ELD course.

IV. ADMINISTRATOR RESPONSIBILITIES

Title I-funded districts must implement an effective system for communicating with parents of ELs. The principal, as the custodian of records, is responsible for ensuring that evidence of effective parental communication is documented and maintained in the blue Master Plan folder in the cumulative record. The EL documentation contained in the folder must be secured, accurate, and complete. When EL documentation is missing from the Master Plan folder or the cumulative record, a reasonable effort to obtain the documents must be made (at least 3 attempts).

Failure to implement the District's notification requirements in this area could subject the school to uniform complaints under the District's Uniform Complaint Procedures and/or findings of non-compliance by the District, State and/or Title I and Title III auditors.

Dear Parents/Legal Guardians: Los Angeles Unified School District values the languages and cultures that students bring to our classrooms and provides various language acquisition program options for students to achieve academic and English proficiency. Each program option provides students opportunities to use their language and cultural assets to develop their proficiency in one or more languages. As a parent of L.A. Unified, you have the option to select any of the language acquisition programs that will best meet the linguistic and academic needs of your child. We are required to offer, at a minimum, a Structured English Immersion (SEI) program option (California Education Code [EC] Section 305[a] [2]) known as Language and Literacy Acceleration Program (L²EAP) in our District.

A language other than English was noted on your child's Home Language Survey when your child first enrolled in our school. State and federal laws require us to assess and inform you of your child's proficiency level in English. We are also required to inform you of the language acquisition programs available in L.A. Unified that best suit your child (EC Section 310). These programs are designed to ensure English acquisition occurs as rapidly and effectively as possible. Dear Parents/Legal Guardians: Los Angeles Unified School District (L.A. Unified) values the languages and cultures that students bring to our classrooms and provides various language acquisition program options for students to achieve academic and English proficiency. Each program option provides students opportunities to use their language and cultural assets to develop their proficiency in one or more languages. As a parent of L.A. Unified, you have the option to select any of the language acquisition programs that will best meet the linguistic and academic needs of your child. We are required to offer, at a minimum, a Structured English Immersion (SEI) program option (California Education Code [EC] Section 305[a] [2]) known as Language and Literacy Acceleration Program (L²EAP) in our District.

A language other than English was noted on your child's Home Language Survey when your child first enrolled in our school. State and federal laws require us to assess and inform you of your child's proficiency level in English. We are also required to inform you of the language acquisition programs available in L.A. Unified that best suit your child (EC Section 310). These programs are designed to ensure English acquisition occurs as rapidly and effectively as possible. They provide instruction to English Learners based on the state-adopted academic content standards and the English Language Development (ELD) standards. (20 U.S.C. Section 6312[e] [3] [A] [iii], [v]; EC Section 306[c]). From the options below, please select the language acquisition program that best suits your child's needs:

A description of how your child's program placement will contribute to meeting the objectives of the IEP is addressed during the student's current IEP (20 U.S.C. Section 6312[e][3][A][vii]) meeting and is available at the school site upon request. Your child's language needs, and assessments (ELPAC) must be addressed during every IEP meeting.

Parents or legal guardians may choose a language acquisition program that best suits their child. Schools in which the parents or guardians of 30 students or more per school, or the parents/legal guardians of 20 students or more, in any grade, may request a language acquisition program that is designed to provide language instruction, shall be required to offer such a program to the extent possible (20 U.S.C. Section 6312[e][3][A][viii][III]); EC Section 310[a]).

Parents or legal guardians may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan (EC Section 52062). If interested in a different program from those listed above, please contact your child's school to ask about the process.

Although schools have an obligation to serve all EL students, parents of English learners have a right to decline or opt their children out of a school's EL program or out of particular EL services within an EL program. If parents or legal guardians opt their children out of a school's EL program or specific EL services, the children retain their status as English learners. The school remains obligated to take the affirmative steps required by Title VI of the Civil Rights Act of 1964 and the appropriate actions required by the Equal Educational Opportunity Act of 1974 to provide EL students access to its educational programs (20 U.S.C. sections 1703[f], 6312[e][3][A][viii]) until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time.

Estimados padres/tutores legales: El Distrito Escolar Unificado de Los Angeles valora los idiomas y las culturas que los estudiantes traen a nuestras aulas y ofrece varias opciones de programas de adquisición de idiomas para que los estudiantes alcancen la competencia académica y la competencia en inglés. Cada opción de programa ofrece a los estudiantes oportunidades de usar su idioma y sus bienes culturales para desarrollar su competencia de uno o más idiomas. Como padre de L.A. Unified, usted tiene la opción de seleccionar cualquiera de los programas de adquisición de idiomas que mejor satisfacen las necesidades lingüísticas y académicas de su hijo. Estamos obligados a ofrecer, como mínimo, una opción de programa de inmersión estructurada en inglés (SEI) (Código de Educación de California [EC] Sección 305[a] [2]) conocida como Programa de Aceleración del Lenguaje y la Alfabetización (L²EAP, por sus siglas en inglés) en nuestro Distrito.

Un idioma que no es el inglés se anotó en la encuesta de idioma del hogar de su hijo cuando su hijo se inscribió por primera vez en nuestra escuela. Las leyes estatales y federales nos exigen que evaluemos e informemos sobre el nivel de competencia del inglés de su hijo. También estamos obligados a informarle de los programas de adquisición de idiomas disponibles en L.A. Unified que mejor se adaptan a su hijo (Sección 310 de la EC). Estos programas están diseñados para garantizar que la adquisición del inglés se produzca de la manera más rápida y efectiva posible. Proporcionan instrucción a los aprendices de inglés en base a los estándares de contenido académico adoptados por el estado y los estándares de desarrollo del idioma inglés (ELD, por sus siglas en inglés) (20 U.S.C. Sección 6312[e] [3] [A] [iii], [v]; EC Sección 306[c]). De las siguientes opciones, seleccione el programa de adquisición de idiomas que mejor se adapte a las necesidades de su hijo/a:

Sección 6312[e][3] [A][vii]) y está disponible en el sitio de la escuela si se solicita. Las necesidades y evaluaciones lingüísticas de su hijo (ELPAC, por sus siglas en inglés) deben abordarse durante cada reunión del IEP.

Los padres o tutores legales pueden elegir el programa de adquisición del idioma que mejor se adapte a su hijo. Las escuelas en las que los padres o tutores de 30 estudiantes o más por escuela, o los padres/tutores legales de 20 estudiantes o más, en cualquier grado, pueden solicitar un programa de adquisición de idiomas que está diseñado para proporcionar instrucción de idiomas, deberán ofrecer dicho programa en la medida de lo posible (20 U.S.C.
